

Sth Wai Primary Schools Sports Group February 1, 2017

2016 Regional Cross Country

Welcome to 2017

Welcome to all new teachers, students, sports coordinators and principals, and those of you who have changed schools. 😊

Sports Convenor Role:

We have now completed 2 full years of this role with the support of Kiwi Sport funding. 2016 has seen a 5% growth in participants from the previous year.

In 2017 we have our sports days of Bat and Ball, Rugby 7's, Football and Hockey along with Basketball, Miniball, Rippa Rugby, Swimming, Cross Country and Athletics.

This year will also see the addition of 2 after school programmes – cricket and softball. The vision behind all our sports days, events and after school opportunities is to allow participation options for all ability levels. These events will allow the students to meet the components of the Physical Literacy wheel and grow not only sport skills but leadership, teamwork, and confidence.

News:

Inter cluster and Regional Cross Country is being held at Rathkeale for 2017. This is exciting news as a change to our sports calendar. Inter cluster Cross Country will alternate between Kahutara and Rathkeale.

It was fantastic to see our AWD students competing last year in Cross Country and Athletics – hope to see more in 2017.

Sports Survey:

This survey is designed to gather information regarding students sports/recreation participation or non/participation. In order to gather the best data possible could as many people as possible please complete:
